

pibox Quick Start Guide

Getting Started

1. **Connect to the WiFi** network provided by your host
 2. **Scan the QR code** displayed on the TV screen to open the music app on your phone
-

Adding Music

Tap the **search icon** in the top right corner to find music.

- **Search** — Type an artist or song name
- **Browse** — Scroll through the artist list alphabetically

Tap any song to add it to the queue. Your selection will play in order after the current queue.

Managing the Queue

- **Vote to skip** — Tap the thumbs-down on a song to vote for it to be skipped. If enough people vote, the song will be removed from the queue.
 - **Remove your songs** — You can remove songs you added by tapping on them in the queue.
-

Tips

- There may be a limit on how many songs you can queue at once
 - The queue is shared with everyone — be a good DJ!
 - Check the TV screen to see what's playing now
-

Enjoy the music!
